“What we did at Virginia Tech a few years ago was to say that we really want to focus on the working professional — someone who wants to enhance their career or make a change in the direction of their career, but not at the expense of continuing to be a business professional.”

ROBERT T. SUMICHRAST
DEAN, PAMPLIN COLLEGE OF BUSINESS

EARN AN MBA AT YOUR OWN PACE

Students are not tied to a traditional full- or part-time MBA schedule with the Evening MBA program. Instead, you have the flexibility to tailor your degree by choosing the courses and timeline for completion that best fit your career goals and personal schedule. Some students complete their degree in as few as two years or as many as five, while the majority choose a three and half year plan of study.

Classes are offered on weekday evenings at our center in West Falls Church, easily accessibly by Metro, I-66, I-495 and Rt. 7. Each class meets once per week, so the number of courses you take each semester directly correlates to the number of evenings you'll be on campus.

BUILD A FOUNDATION FOR THE REST OF YOUR CAREER

The Evening MBA program consists of 17 courses for a total of 48 credit hours. There are eleven core courses, plus an internationally-focused elective, and five additional courses of your choosing.

The interdisciplinary core curriculum prepares you in a wide range of business functions and provides the quantitative and analytical foundation you need to make intelligent business decisions, no matter what industry you work in.

The flexible, in-person class format enriches your MBA experience by enabling you to become an active participant in classroom lectures and discussions, establish working relationships with your peers, and engage with Virginia Tech's top-notch faculty.
