“What we did at Virginia Tech a few years ago was to say that we really want to focus on the working professional — someone who wants to enhance their career or make a change in the direction of their career, but not at the expense of continuing to be a business professional.”

ROBERT T. SUMICHRAST
DEAN, PAMPLIN COLLEGE OF BUSINESS

CHOOSE A PROGRAM DESIGNED FOR LEADERS

The Virginia Tech Executive MBA is tailored for business leaders interested in taking their career to the next level. The 18-month program will provide you with the tools you need to be successful in a fast-paced, ever-changing business world.

COHORT-BASED FORMAT

The Executive MBA enrolls a small, exclusive group of students each fall. This ensures a high-quality classroom experience with lively, in-depth discussion each weekend. Alumni tell us that this format helps them to create lasting professional relationships with their peers.

SCHEDULE

Students meet for in-person class weekends (Friday and Saturday) every other week, with seasonal breaks during the winter and summer. The intensive class weekends and virtual collaboration between sessions allow students to continue their full-time roles and still earn their MBA in just 18 months.

LOCATION

Classes take place at the state-of-the-art Virginia Tech Research Center in the Ballston district of Arlington. With easy transport links to Washington, D.C. and the Dulles Technology Corridor, the program enrolls students from a cross section of the region's key industries.

DEVELOP THE SKILLS YOU NEED FOR YOUR FUTURE

The Executive MBA program consists of 49 credit hours. The interdisciplinary curriculum is designed to provide you with a formal core of business education in the areas of accounting, economics, organizational behavior, strategy, and decision theory.

The in-person class format enriches your MBA experience by enabling you to become an active participant in classroom lectures and discussions, establish working relationships with your cohort, and engage with Virginia Tech's top-notch faculty.

FOUNDATION COURSES

- Accounting Fundamentals
- Business and Corporate Strategy
- Case Analysis

- Pamplin Women in Business events
- Women in STEM
- DC Hokies happy hours and watch parties

CONSIDER VALUE FOR YOUR INVESTMENT

We offer a competitive universal tuition rate for our Executive MBA program, meaning that the rate is the same no matter what your state of residence is. That means all of our students, from DC, MD, VA and beyond, earn a high-quality MBA and benefit from our extensive alumni network at a cost that is significantly less than other Executive MBA programs in the greater Washington, D.C., metro area.

While many of our students are self-funded or apply for financial aid assistance, some also receive full or partial tuition assistance from their employers. We also award scholarships to a number of students each semester. Visit our website to learn more.

TUITION

The Executive MBA has a flat rate of \$95,000 for both in-state and out-of-state residents. This total covers the cost of the full 18-month program, including tuition, academic fees, books, on-site parking and catered meals on class days, and some transportation, lodging, and meals for the global residency. International airfare for the global residency is not included.

NOTE Tuition and fee rates are subject to annual changes, typically announced in the spring. The figure above is for the 2021-23 cohort and should be used as a guide for considering the cost of future cohorts. The established tuition at time of matriculation is guaranteed for the entirety of the 18-month program.
