EARN AN MBA DESIGNED TO FIT YOUR LIFE

The Virginia Tech Online MBA is tailored for business leaders interested in taking their career to the next level while balancing their personal and professional priorities. The 24-month program will provide you with the tools you need to be successful in a fast-paced, ever-changing business world.

LOCATION

The program is fully online, with 50 percent synchronous instruction and 50 percent asynchronous instruction. This unique format provides the flexibility for you to take classes from anywhere while still reaping the benefits typically reserved for an on-campus program. You will become an active participant in class discussions and study teams, develop working relationships with your peers, and engage directly with Virginia Tech's renowned faculty.

SCHEDULE

Students meet for approximately 30 synchronous, online class weekends (Friday and Saturday) periodically throughout the course of the program. Classes meet on Friday from 3:00PM to 8:30PM Eastern Time. On Saturday, classes meet from 9:00AM to 2:30PM Eastern Time.

COHORT-BASED FORMAT

The Online MBA enrolls a small, exclusive group of students each summer. This ensures a high-quality classroom experience with lively, in-depth discussion during the periodic class weekends. Alumni from our cohort-based programs tell us that this format helps them to create lasting professional relationships with their peers.
